PETITION FOR CORRECTION OF INVENTORSHIP UNDER 37 C.F.R. § 1.48(a)

Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

It is respectfully petitioned that the above-identified patent application be amended to add Mark Charles Chaplin as a co-inventor (along with the current inventor Ivan George Cooper). The application for patent was made solely in the name of Ivan George Cooper through error and without any deceptive intention, as will be more apparent from the appendices attached hereto and the remarks herein.

In support of this petition, the applicant submits the following documents:

1. A Statement of Facts by Unnamed Inventor, Mark Charles Chaplin

(attached hereto as Appendix A);

Certificate of Mailing Under 37 C.F.R. 1.8

I hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage as first class mail in an envelope addressed to Mail Stop Petition, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on:

Date: 12-30-2004

Signature: Donna Dakley

Printed Name: DONNA DAKLEY

The Director is hereby authorized to charge any additional amount required, or credit any overpayment, to Deposit Account No. 19-4409.

2. A Declaration Under 37 C.F.R. § 1.63 executed by Ivan George Cooper and Mark Charles Chaplin (attached hereto as Appendix B);

3. The consent of the assignee of the above-identified patent application, Disc Go Technologies, Inc. of Langley, British Columbia, Canada (attached hereto as Appendix C); and

4. The fee required by 37 C.F.R. § 1.17(i).

In his Statement of Facts (Appendix A), Mark Charles Chaplin ("Chaplin") declares that he originally conceived of an idea for an automated machine for reconditioning digital discs and discussed such idea with Ivan George Cooper ("Cooper"). Chaplin further declares that at the time of filing the patent application, it was his understanding that only Cooper should be named as an inventor because Cooper owned all rights in the invention. Thus, only Cooper was named as an inventor on the patent application and Chaplin was inadvertently omitted as a co-inventor. Chaplin now understands that he should have been named as a co-inventor on the patent application in view of his contributions to the conception of the claimed invention. Thus, the inventorship error occurred without any deceptive intent on Chaplin's part.

In view of the above, Applicant respectfully requests that the above-identified patent application be amended to show the correct inventorship. Such action is respectfully requested.

Respectfully submitted,

By: Judith L. Carlson

STATEMENT OF FACTS BY UNNAMED INVENTOR

Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Mark Charles Chaplin declares that:

1. The invention described and claimed in the above-referenced patent application was conceived and developed while I was President and CEO of Disc Go Technologies, Inc., previously named Valley Compact Disc Repair, Inc. ("Disc Go").

2. I originally conceived of an idea for an automated machine for reconditioning digital discs and discussed such idea with Ivan George Cooper ("Cooper"). Cooper and I entered into a development agreement whereby Cooper agreed to prepare a detailed design for such a machine. In accordance with the development agreement, Cooper would own all rights in any inventions arising from the design of the digital disc reconditioning machine.

Certificate of Mailing

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to Mail Stop Petition, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on:

The Director is hereby authorized to charge any additional amount required, or credit any overpayment, to Deposit Account No. 19-4409.

3. Cooper began the development of the digital disc reconditioning machine and prepared a preliminary design for my review. However, due to several delays in the development process, Cooper did not finish the design as quickly as I had hoped. As a result, I personally completed the design for the digital disc reconditioning machine.

4. Disc Go subsequently filed the above-referenced patent application directed to the digital disc reconditioning machine. At the time of filing the patent application, it was my understanding that only Cooper should be named as an inventor because he owned all rights in the invention. Thus, only Cooper was named as an inventor on the patent application and I was inadvertently omitted as a co-inventor.

5. It is now my understanding that I should have been named as a co-inventor on the patent application in view of my contributions to the conception of the claimed invention. This inventorship error occurred without any deceptive intent on my part.

I hereby declare that all statements made herein of my knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or an patent issued thereon.
